MDPs @ GIM

ABOUT

The MDPs at GIM provides an intense and transformative learning experience designed to fit the requirements of seasoned mid-career executives. The programmes will equip the participants with various critical capabilities to succeed in an ever-changing global business environment.

Our programmes are designed and delivered to meet the needs of the executives who have the drive to lead innovations, be the champions of change and have the passion for solving complex business challenges. Our programmes are led and facilitated by experienced faculties who share with the participants their research- driven insights and their knowledge of current industry best practices

THIS PROGRAMME

WHY

This workshop will take you on a guided tour to understand how to differentiate quality stocks from inferior stocks, how to create an optimum portfolio and how to deal with most common behavioral challenges and mental pitfalls that investors encounter and provide you with strategies to eliminate these innate traits. Along the way, we'll see how some of the world's best investors have tackled the behavioral biases that drag down investment returns, so that you hopefully will be able to learn from their experiences and go on to make superior returns and have fewer losses. You will also learn how to adequately build and manage a portfolio with a long-term view while gaining an understanding on how to find great companies to invest. The approach to this program is to teach the core investing concepts that anyone can learn irrespective of their background and knowledge on finance and then take the learners through in-depth case studies on Indian companies where they will apply these concepts.

PEDAGOGY

Pedagogical approach is designed to bring concepts to life including:

- Bite-sized learning techniques
- Real world applications
- Live, interactive teaching

PROSPECTIVE PARTICIPANTS

This programme will be appropriate for All working professionals, homemakers, retirees - Basically anyone who takes personal money decisions and looking to create long term wealth through exposure in equity market either directly or through indirect routes like mutual funds etc. Our past participants came from a wide range of professionals, job functions, entrepreneurs and investors with mixed stock market experience.
