FINANCIAL SERVICES**
FINAL PLACEMENT REPORT
2022-2023

MESSAGE FROM BIFS PLACEMENT CHAIR

**MANJU
TRIPATHI**

ASSOCIATE PROFESSOR
GOA INSTITUTE OF MANAGEMENT

"In today's dynamic world, our students are being groomed to face the challenges of tomorrow. The financial acumen of students is enhanced through a combination of group activities and individual coaching. We engage experts to train and evaluate the students in the areas of group discussions, public speaking, communication skills, and much more. We also encourage student participation in events and programmes to help them gain industry exposure. "Aspire", is a series that brings in thought leaders, industry experts, and professionals from all across geographies to share their experience lessons with our students. It also helps build strong partnerships across the spectrum of diverse categories within the industry. Moreover, a five-month Summer Internship ensures adequate exposure to corporate practices, particularly in finance, to get them industry-ready."
